## Pastor's Column

August 2<sup>nd</sup>, 2020

### The Popularity of Evil

Jesus Christ: Lord of Lords and King of Kings!

The mainstream media present billionaires as heroes whether it's Bill Gates, Michael Bloomberg, Warren Buffet, George Soros, etc. That's because those characters support a godless vision of life and back that vision up with their fortunes. I don't want you to be so ignorant; we are at war with unseen principalities. We need to be informed and be people of faith in Jesus Christ and in His timeless Truth. So pray for our fallen world, and when you can, inform the ignorant. You might even share this column (and any others you may wish, they're all on our website). Below is a depressing article about everyone's favorite billionaire. God have mercy on us poor sinners.

Christ's Victory and Peace,

Fr. Thomas Nathe

### **Warren Buffett Has Donated \$4 Billion to Pro-Abortion Groups, Enough to Kill 8 Million Babies**

Micaiah Bilger Jul 10, 2020 | 9:56am Washington, Dc

Billionaire Warren Buffett has been quietly funding the abortion industry for decades.

Though he is an often-praised philanthropist, his massive contributions to life-destroying pro-abortion groups have largely gone unnoticed.

But the Capital Research Center is working to expose the deadly destruction backed by Buffett's wealth. It estimates Buffett donated enough money to abort about 8 million unborn babies in the past 20 years.

Buffett is the fourth richest man in the world, according to Forbes magazine. The owner of Berkshire Hathaway, which includes Benjamin Moore, Fruit of the Loom, GEICO, Pampered Chef and See's Candies, he is worth about \$67.5 billion.

Between 2000 and 2018, his Susan Thompson Buffett Foundation, named after his late wife, donated \$4 billion to pro-abortion groups, according to the foundation's tax filings. That amounts to 73% of the foundation's total donations in the past two decades – which suggests just how much Buffett believes in abortion on demand.

According to the Capital Research Center, \$4 billion is “enough to pay for 8 million abortions according to data from the Guttmacher Institute, a pro-abortion think tank, at an average cost of roughly \$500 per aborted fetus. That's the entire population of Arizona or the equivalent of the people in nine states:

Wyoming, New Hampshire, Maine, Montana, Delaware, North Dakota, South Dakota, Alaska, and Vermont.”

Buffett’s donations have been used to push unrestricted abortion on demand on countries all across the world, fund unethical experiments involving abortion drugs and poor women in Africa, promote do-it-yourself abortions and support other population control measures.

According to National Right to Life, the pro-abortion group IPAS received \$33.4 million from Buffett’s foundation to expand “access to safe abortion and contraceptive care.” IPAS develops and promotes the “manual vacuum aspiration” (MVA) suction syringe used for abortions in places without electricity. IPAS also promotes access to abortion drugs without a prescription, or do-it-yourself abortions.

Buffett’s foundation also supports Planned Parenthood, the largest abortion chain in America, which kills about 345,000 unborn babies in abortions every year.

And that is only part of it. His children and their foundations also support pro-abortion groups and other leftist political agendas.

Here’s more from the Capital Research Center:

In a 1997 interview with the Chronicle of Philanthropy, Suzie Buffett—the couple’s eldest daughter and Buffett Foundation chair—said that funding population control is “what my father has always believed was the biggest and most important issue, so that will be the [foundation’s] focus. I feel as his child that it’s important to carry out his wishes. It’s his money.”

Supposedly, Buffett supports killing unborn babies in abortions because he fears overpopulation. The debunked idea claims the world will soon have too many people to survive.

But unlike billionaires Bill Gates, George Soros, Michael Bloomberg and others, Buffett has been less vocal about his abortion advocacy. As NPR reported in 2006: “You mean you didn’t know Warren Buffett’s foundation has been funding abortion rights organizations? Well, that’s just the way the Buffetts wanted it.”

An estimated 42.3 million unborn babies were aborted across the world in 2019, including nearly 1 million in the United States. These babies were unique, living human beings who deserved a right to life. So many babies, mothers and fathers could be saved from the pain and regret of abortion if only men like Buffett, Gates and Soros chose to use their money to help people. Instead, they are funding the largest killing industry in the world.

### **Thursday, August 6th is the Feast of the Transfiguration of the Lord**

The Transfiguration is:

*"The mysterious event in which Jesus, speaking with Moses and Elijah on the mountain, was transformed in appearance – in the sight of Peter, James, and John – as a moment of disclosure of His divine glory" (CCC, Glossary, pp. 901-902; 554).*

Christian theology assigns a great deal of significance to the Transfiguration, based on multiple elements of the narrative (Matthew 17:1–8, Mark 9:2–8, Luke 9:28–36). In Christian teachings, the Transfiguration is a pivotal moment, and the setting on the mountain is presented as the point where human nature meets God: the meeting place for the temporal and the eternal, with Jesus himself as the connecting point, acting as the bridge between heaven and earth.
